With reference to the necessary Tree work required on your property my quote and recommendations are as follow:

NORTON CEMETERY TREE WORK OPPOSITE 3 JESMOND COURT

3x Lawsons cypress require a 30% height reduction

Regrowth of sumac and self seeded hollies obscuring grave stones and boundary way require removal as far as the weeping ash.

All arising removed from site

Note; I would just like to put in writing that I have always kept my quotations as low as possible for all regular clients, therefore the usual reduction of approx 15% has been applied to original costs (total £760.00) to maintain our long standing work relations.

TOTAL **£660.00 + vat**

Many Thanks David Bayes
